

The House that Truth Built

Meet Free Speech Systems, LLC Owner, Documentary filmmaker, nationally syndicated radio talk show host Alex Jones.

As featured in such publications as *The Wall Street Journal*, *USA Today*, *The Dallas Morning News*, *The Los Angeles Times*, *The Austin-American Statesman*, and *The Austin Chronicle*, among many others, Alex Jones has created a powerful platform in an attempt to re-create a Bill of Rights and inspire freedom-oriented culture in the face of an ever more federalized and security obsessed America.

Alex is known for not just talking the talk, but walking the walk. He combines his media presence with actual physical activism, a practice that once led to him being arrested on the personal order of George W. Bush. Alex Jones has gained international attention by standing up for what he believes in.

From Italy's *La Prensa* to the *Wall Street Journal* and *USA Today*, Jones has brought the information war to the mainstream print media worldwide, speaking out against tyranny in defense of the Constitution. Featured on *Good Morning America*, *20/20 Downtown*, *60 Minutes*, The Discovery Channel, A&E and more.

Alex Jones is considered by many to be the grandfather of what has come to be known as the 9/11 Truth Movement.

Whether it be Bill Clinton or George W. Bush, Jones pulls no punches in bringing to light corruption on both sides of the political equation.

His film, *Terror Storm*, which debuted at the American Scholars Symposium was hosted

Threats to Assassinate Romney Explode After Debate

Obama supporters voice desire to kill Romney over fears food stamps will be taken away

Paul Joseph Watson
Infowars.com
October 17, 2012

Despite numerous media outlets attempting to downplay the issue, Twitter exploded last night following the debate with new threats from Obama supporters to assassinate Mitt Romney if he defeats Obama in the presidential race.

Alex reported yesterday in addition to threats by Obama supporters to kill if Romney wins, innumerable Twitter users are also making direct death threats against Romney.

The primary reason given for Obama supporters wanting to see Romney dead is the fear that he will take away food stamps.

If the tables were turned and conservatives were making death threats against Obama in these numbers, it would be a national news story. Indeed, the mere act of hanging empty chairs from trees as a reference to Clint Eastwood's RNC speech was lauded by the media as a deadly sign that conservatives were out to lynch black people if Obama won.
